

ADDC/ASPET Academic Drug Discovery Colloquium Sponsorship Packages

The Academic Drug Discovery Consortium (ADDC) and the American Society for Pharmacology and Experimental Therapeutics (ASPET) began partnering to host the ADDC/ASPET Academic Drug Discovery Colloquium in 2016. ADDC fosters communication among academic discovery centers and promotes the exchange of knowledge and expertise related to drug discovery technologies. ADDC's and ASPET's members advance the sciences of pharmacology and experimental therapeutics. Combined, ADDC and ASPET have over 6,000 members. This year, the joint meeting takes place May 19-20, 2024, in Arlington, VA. We invite you to join us in — *Introducing the Next Generation of Drug Hunters.*
